DEAR JUDGE SCHOFIELD

Your Honor, I am writing you, hoping you will consider my request. I have read case-law and opinions from the SUPREME COURTS OF THE United STATES, saying that before Judgement, the District Judge still has jurisdiction and discretion over a district court case.

AS we both know, a lot of lies were presented by law enforcements in my case. Lies that I thought would have been enough to show and prove my innocence. I was wrong. I felt my lawyers did a good job. At the same time, we all as people and humans make mistakes. That is something I understand. Unfortunately for me, the mistakes that other people have made is costing me my life, my innocence, my freedom and has damaged the lives of my family. (most importantly my children and my soon to be wife) Because of me being incarcerated, my fiance and children have been homeless (living from shelter to shelter, home to home). Many nights I have felt like giving up. Because of my family I have not done so. Everyday I read my case transcript trying to find a way to prove my innocence. Then I finally read something that has been in front of you, my lawyer, the prosecutor and myself. Something we all overlooked. Your Honor, I'm asking that you please give me a chance before sentencing to show. I promise this will not be a waste.

of your time

Thank you

Antione Chambers
